

## Phillimore Grey Oak

An Element7 floor lasts a lifetime without the need for replacement, retaining its stunning original colour throughout. This is achieved by the uncompromising use of only the very best raw materials and technical superiority of the finishes. Phillimore Grey Oak has an oiled finish with a pure aged natural look and feel with dark grey tones

---

<b>Product Name</b>	Phillimore Grey Oak
<b>Botanical Name</b>	Quercus Robur
<b>Origin</b>	European Oak
<b>Installation Method</b>	Bonded onto a levelled sub floor construction which can be a screeded or suspended floor
<b>Installation on Underfloor Heating</b>	Suitable for use with hot water or electrical underfloor heating
<b>Structure</b>	3 Layer 16mm or 19mm options 1 <sup>st</sup> layer, Wear Layer: 4mm (+/-) 0.5mm Oak 2 <sup>nd</sup> layer, Austrian Fir Block Board Core 3 <sup>rd</sup> layer, Counterbalance plate: Medium Fired Oak (perpendicular to the first layer for ultimate stability)
<b>Finish</b>	Brushed surface treated with 2 coats of natural oil, further coats can be applied after installation for added protection.
<b>Cleaning &amp; Care</b>	Damp clean with a cotton mop and pH neutral grey floor soap for whole floor clean or just a damp cloth for spot cleaning.

---

<b>Prime Grade</b>	The planks are predominantly free of knots and sapwood, some will exhibit isolated small sound knots or filled small knots and filled small stress cracks.
<b>Knotty Grade</b>	The planks predominantly feature sound knots, some will exhibit filled knots, filled splits, possible insect marks and filled stress cracks.
<b>Country Grade</b>	The planks predominantly feature most characteristics, including, sound knots, filled knots, filled cracks, filled stress cracks sapwood and possible insect marks.
<b>Reclaimed</b>	Characterized by the presence of large knots, darkening, curvature of fibers and shine pattern, in different directions and tonalities, inactive woodworms' holes, inserts and differing surfaces due to the restoration of old wood.
