# element<sup>7</sup>

## Natural Oak (M)

An Element7 floor lasts a lifetime without the need for replacement, retaining its stunning original colour throughout. This is achieved by the uncompromising use of only the very best raw materials and technical superiority of the finishes. Natural Oak has a pre-oiled finish with a pure natural look and feel and has a warm light tone.

Product Name	Natural Oak	
Botanical Name	Quercus Robur	
Origin	European Oak	
Installation Method	Bonded onto a levelled sub floor construction which can be a screeded or suspended floor	
Installation on Underfloor Heating	Suitable for use with hot water or electrical underfloor heating	
Structure	3 Layer 16mm or 19mm options 1 <sup>st</sup> layer, Wear Layer: 4mm (+/-) 0.5mm Oak 2 <sup>nd</sup> layer, Austrian Fir Block Board Core 3 <sup>rd</sup> layer, Counterbalance plate: Oak (perpendicular to the first layer for ultimate stability)	
Finish Cleaning & Care	Brushed surface treated with 2 coats of natural oil, further coats can be applied after installation for added protection. Damp clean with a cotton mop and pH neutral white floor soap for whole floor clean or just a damp cloth	
	for spot cleaning.	

Prime Grade	The planks are predominantly free of knots and sapwood, some will exhibit isolated small sound knots or filled small knots and filled small stress cracks.
Knotty Grade	The planks predominantly feature sound knots, some will exhibit filled knots, filled splits, possible insect marks and filled stress cracks.
Country Grade	The planks predominantly feature most characteristics, including, sound knots, filled knots, filled cracks, filled stress cracks sapwood and possible insect marks.
Reclaimed	Characterized by the presence of large knots, darkening, curvature of fibers and shine pattern, in different directions and tonalities, inactive woodworms' holes, inserts and differing surfaces due to the restoration of old wood.
